Reminder to members.....

When it is our turn to race we all like to have flag marshals on flag points without the need to way, please have that same consideration for other racers and the day/evening has the potential to run so much smoother! You will be asked when nominating which group you will marshal...This is a trial but not negotiable....

Coming soon to your Club a more affordable class

Based on our basic engines, allowing limited modifications....Something you may wish to think about, or something to tell your friends... designed for both experienced racers and entry level... an economical class for all to enjoy...no longer will the \$ be the barrier... everyone should have a level playing field....Keep your eyes on the website for more information coming soon!
